

THE OCALA BANNER.

FRANK HARRIS, Editor.

Seth Low enjoys being fed to the tigers.

The Duval county convicts will be leased on the fifteenth of this month.

Ten million people in China are homeless on account of the recent floods.

It is estimated that the Texas rice crop this year will amount to one million sacks.

Admiral Schley, hero of the greatest naval victory ever known, was retired last Wednesday.

President Roosevelt proposes to make a southern tour. No president since the civil war will be so genuinely welcomed.

Since New Jersey has ceased to fly the democratic banner, it has become the home of trusts and anarchy. It had best get back in the democratic column.

After exposure or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time. Anti-Monopoly Drug Store.

Professor Heckel's assertion that monkeys descended from man does not, however, entirely upset the theory that monkeys have sometimes descended from trees.—Atlanta Journal.

Isn't Perry Heath nervy? He has changed the name of the Seventh National bank of New York city to the McKinley National. We hope by this new name it will not smell just the same.

Prof. William Mathews, in the Saturday Evening Post, says that brainwork rarely ever kills. He says the hardest students generally enjoy the best health.

Count Ito, of Japan, one of the most wonderful statesmen since the time of Confucius is on a visit to the United States. Under the directing hand of the count, Japan is being recognized as one of the great powers.

If the Tropical Sun and other newspapers in Florida are going to gush tears every time the marriage vow is broken and divorces are granted they will become worse spouters than the oil wells on Spindle Top hill.

The Clarksville, (Tenn.) Times remarks that it is glad that "the new president never drove a mule on a tow path, never split rails by moonlight, to pay for his schooling, read law by light of a pine-not blaze nor did any of the other hard things presidents have always had to do heretofore. This is a progressive country."

A new remedy for biliousness is now on sale at the Anti-Monopoly Drug Store. It is called Chamberlain's Stomach and Liver Tablets. It gives quick relief and will prevent the attack if given as soon as the first indication of the disease appears. Price 25 cents per box. Samples free. m

Woodsmen

Know that in spite of hard work in the clear forest air the blood often becomes impure. The heavy food served in the lumber camps is to a great extent responsible for this condition of the blood, which renders the body an easy prey to many forms of disease.

There is no better blood purifier than Dr. Pierce's Golden Medical Discovery. It cures eruptions, pimples, eczema, scrofula, rheumatism, and other diseases caused by an impure condition of the blood. It cures absolutely and altogether by cleansing the blood from the poisons which breed and feed disease.

Accept no substitute for the "Discovery." There is no other medicine "just as good" for the blood.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. James Murphy, of Poncha, Pecos, N.M. "It has cured me of chronic scrofula of twelve years standing. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, and over 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for the book in paper cover, or 31 cents for the book in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

SUGGESTIONS ABOUT SIRUP.

To the Editor of the Ocala Banner:

In view of the fact that south Georgia and Florida will have an exceptionally fine crop of sugar cane, I want again to urge growers to be careful in manufacturing and preparing the cane sirup for market.

It should be boiled to a proper consistency, without being scorched or overheated, and then put up in cealed cans—half gallon preferable—and then kept in a cool place till you are ready to market. Great care should be had to make the sirup of as light color as possible. This can be accomplished by using the necessary chemicals to induce proper precipitation, lime water is good, and by being very careful in skimming.

Sirup properly made and put up as suggested will readily sell for sixty to eighty cents per gallon, and to prove that there is a market, will give my experience in trying to procure a small quantity of such sirup during the month of August.

I desired to send a can or two to a gentleman in Nantucket, Mass., and gave the order to a grower in Cairo, Ga., who last season put about thirteen thousand gallons in cans, and could not get even one can. I then corresponded with three others with the same result; finally Dr. Walker, of Huntington, Ala., supplied my wants, but expressed regrets that the sample sent was not of the best, as the best had all been sold.

Handle your cane with care. Make the best sirup that can be made from it, and then put it up in tin packages made air tight, and you will realize twice the revenue you now obtain for this farm product.

JOHN H. STEPHENS,
A. & I. Agent, Plant System.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Everywhere the Same Story.

Lake City is constructing more houses than at any time in its history, and, what is better, every store and every dwelling if not occupied is spoken for. The same story reaches us from Live Oak, Gainesville and Palatka. All of South Florida is on an unprecedented, substantial and apparently permanent boom. A circus and menagerie coming to town and pitching its tents is not more bustling and busy than the city of Jacksonville. The work of rebuilding is going on day and night under electric ark lights. If Aladdin had lived in this day and visited Jacksonville he would have thrown away his lamp in utter mortification and disgust.

A report from Supt. J. C. Gluck, Reform School, Pruntytown, W. Va., Oct. 18th, 1900. "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the West Virginia Reform School. I find it the most effective, and absolutely harmless." Anti-Monopoly Drug Store. m

Besides the dramatic scenes witnessed before the Schley court of inquiry by "fighting Bob Evans" and others, there were also real tragic incidents. Judge Wilson, Admiral Schley's chief counsel died suddenly, and Miss Laura Lemley, sister of the Judge Advocate, was burned to death at her home in North Carolina. Fatality seems to be following the court.

Mrs. T. Briddleman, of Parshallville, Mich., was troubled with salt reum for thirteen years and had tried a number of doctors without relief. After two applications of Banner Salve her hands became better and in a short time she was entirely cured. Beware of substitutes. Anti-Monopoly Drug Store. m

The Florida Agricultural College, Stetson University, the State College, at Tallahassee, the Military Institute, at Bartow, the East Florida Seminary, at Gainesville, and all other colleges and all the public schools in the state, opened this year with a larger attendance than at any time since their establishment.

Woman Suffrage in Colorado.

To the Editor of the Banner:

It would hardly seem possible for any person of ordinary intelligence to visit Colorado without becoming convinced of the value of woman suffrage to society and to the state. However one's previous convictions might have differed from this conclusion, it is one that must almost inevitably be forced upon the ordinary intelligent preception, when brought face to face with the great object lesson of its working demonstration. For myself, I required no conversion, it is true; but my belief is no longer faith alone, but light as well. Even the enthusiastic advocate of the political enfranchisement of woman is aroused to new energy in the vistas of larger life and finer social results that reveal themselves as the result of this higher step in progress in the centennial state.

The fact that women are voters changes the entire structure of society to a degree that is surprising, even to those who have theoretically believed in this same result. It is all we had believed, and even more so. What ever special interest women have at heart, whether the building of a club house, the extension and higher development of the schools, or the improvement of any municipal matter, their effort is perforce taken seriously, and not regarded as a matter of amusement. The result is that the woman takes her place in the affairs of life as a rational and responsible human being; and that social matters and conversational interchange are infinitely more interesting and significant.

LILLIAN WHITING.

State Fair Notes.

Leon county held a meeting on September 21st and will come to the fair with Jerseys and cream.

Judge Sharon says Gadsden will come and that the tobacco exhibit will make you wish you lived in Quincy.

The list of exhibits Emory, of Pasco, sends in will fill the tent.

And now old Orange is mad and wants about a thousand feet to spread in.

Neel says: "Save me space, Holmes county is coming, eight hundred pounds of hay and all."

And now Jackson will close the gap. The west will be here solid.

The Best Thing About Sir Thomas.

"I believe in advertising," says Sir Thomas Lipton. "It is the lifeblood of modern trade. Everybody reads," he continues in a late interview, "and buying a newspaper space is the best investment any merchant can make after a selection is made of goods and the prices are made right."

Another cargo of silver ore of about 5000 tons is due to arrive at Galveston from Chili in a few days. The shipment is a big thing as it takes several hundred cars to handle them. The shipments are being unloaded at the Southern Pacific wharves in Galveston.

When you have no appetite, do not relish your food and feel dull after eating you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. Price 25 cents. Samples free at Anti-Monopoly Drug Store. m

West Tampa had a \$200,000 conflagration recently. The fire originated in the cigar factory of O'Halloran & Co., one of the largest in the city. It is supposed that it was the work of the striking cigar makers.

White Cream Vermifuge is a highly valuable preparation, capable from the promptitude of its action, of clearing the system in a few hours of every worm. Price 25 cents. Anti-Monopoly Drug Store. m

An oil gusher has been struck in a place called Jennings in Louisiana, and one in Velasco, Texas. We are striking oil in many of the southern states.

The Atlanta Evening News has suspended publication and leaves an open field for the Atlanta Journal, one of the most progressive newspapers in the south.

PRESCRIPTIONS CAREFULLY COMPOUNDED.

"THE BABIES' FRIEND."

FOR a quarter of a century Foley's Honey and Tar has been curing babies of croup and whooping cough. In that time it has saved thousands of little lives and every year it goes on saving more. Physicians who have tested it know Foley's Honey and Tar is the best medicine for little folks and much superior to the old time muriate of ammonia mixtures, so often prescribed by doctors, and which are so often ineffective. It's entirely free from opiates and it's unconditionally guaranteed. Little folks like it.
